Disclaimers

1. Print speed can vary dependent on data size, print method, memory card and capacity and is measured from start of printing excluding paper handling
2. Requires an adapter
3. Mobile phones and PDA's must be Bluetooth enabled and support Bluetooth version 1.1 or above Photo printing only – pictures must be in the JPEG format. Bluetooth operation depends on the device and software version used.
4. Pictures must be taken in the JPEG format and transferred using the IrOBEX or IrMc by vNOTE protocol
5. Modes / features available may differ dependent on camera model or use of memory card to print
6. Modes / features available may differ dependent on camera model or use of memory card to print
7. To test the image permanence of prints that are stored in an album, we use an accelerated testing method as how the image permanence of silver-halide photo papers are measured when stored in dark places. Print samples are printed with the optical density of 1.0 (each Bk, C, M, Y). The samples are kept in a certain environment of high temperature and 50% humidity. The rate of the decrease in the optical density and rate of yellow discoloration are recorded. The recorded results are then converted to the length of time when print image is kept in an environment of 23°C/ 50% humidity. (Criteria for estimation of print longevity) The point where monochromatic/ reflective optical density shows loss of 30% (starting density of 1.0).

SELPHY CP760 Technical Specifications

Printer Functions

Print Method	Dye-sublimation thermal printer		
Printing Resolution	300 x 300 dpi (max)		
Gradation	3 colour inks with over coating, 256 shades per colour (24 bit colour depth)		
Print Speed ¹	Direct print – memory card, PictBridge, Canon Direct Print		
	Postcard size:	Approx. 52 sec. ¹	
	L size:	Approx 43 sec. ¹	
	Card size (inc. label paper):	Approx 25 sec. ¹	
Ink	Dedicated cartridge (Y, M, C, and overcoating) – Included with media		
Paper	Dedicated paper for Postcard size, L size, Card size, Card size (full size label sheets)		
Print sizes		Borderless	With Border
	Postcard size:	148.0 x 100.0 mm	121.9 x 91.4 mm
	L size:	119.0 x 89.0 mm	105.3 x 79.2 mm
	Card size (inc. label paper):	86.0 x 54.0 mm	66.7 x 50.0 mm
	Wide size	100.0 x 200.0 mm	91.3 x 121.7 mm
Image Process & Quality Adjustment	My Colours	B/W, Sepia, Vivid, Neutral, Positive Film	
	Red Eye Correction	Available	
	Face Fine Print	Face Detection, Partial Contrast Correction	
Printing Modes Print Settings	All image print, DPOF image print, Fixed Size Layout, ID Photo Print, Movie Print, Single Image Print, 2-up, 4-up and 8-up Layout, Index print ² Image Optimize, Borderless, Bordered, Date Print, File Name Print		
Image Longevity	100 Years Print ⁷		
Camera Direct Printing	PictBridge compliant, Canon Direct Print compliant		

Memory Card Printing

Supported card types: Compact Flash, Memory Stick, Memory Stick PRO, Memory Stick PRO Duo, Memory Stick DUO, Microdrive, miniSD, mini SDHC, MMC, MMCplus, MMCmobile, SD, SDHC, RS-MMC, microSD2, microSDHC² MMCmicro², Memory Stick micro², xD-Picture Card²

Camera Phone Printing

Optional Bluetooth Unit BU-30 (printing from some mobile camera phones & PDA's)³
IrDA IR (printing from some mobile camera phones)⁴, IrSimple (printing from some mobile devices)⁴

Print from a Computer

Yes, requires a standard USB cable. USB type B port on printer

Camera

USB type A port on printer, WiFi IEEE 802.11b (with Digital IXUS WIRELESS and Wireless print adapter WA-1E)

General Features

Colour LCD Screen	2.5" Colour TFT viewer
Operating System	PC: Windows 2000 SP4/XP (SP2), Mac: OS.X (10.3.9 or later)
Included as Standard	SELPHY CP760, Postcard size trial paper pack and ink cassette, Compact Power Adaptor CA-ES100, AC Cable, Canon Solution Disk, Cleaner Stick
Software Included	PC: Zoombrowser EX, Photo Express LE. Mac: ImageBrowser
Power Supply	CA-CP200W Power Adaptor.
Power Consumption	Approx. 60W printing (standby: 4W)
Operating Environment	5-40 °C, 20 – 80% humidity
Min. Dimensions (W x D x H)	180 x 126.7 x 73.1 mm
Weight	Approx. 0.9Kg (Excluding Ink / Paper Intergrated Cartridge)
Optional Accessories	Paper/Ink Packs:

Consumables

Postcard (KP-36IP, KP-108IN), L size (KL-36IP), Wide Size (KW-24IP), Credit Card (KC-36IP) and Credit Card Label stickers (KC-18IL)

SELPHY Classic CP760

Compact Photo Printer

Canon
advanced simplicity®

Print and share your photos instantly with the exciting and easy to carry Selphy Classic CP760.

The SELPHY Classic CP760 makes printing and sharing photos instantly fun and simple. With the stylish and classy design, the Selphy Classic is smaller than your average lunch box so you can print wherever you want! New Automatic red-eye correction and Portrait Image Optimize, means beautiful, lab quality images that print in less than 52sec. With no need for a computer and quick start up, you can now share your photos with friends and family anywhere.

Key Features

- Easy to use
- Huge 2.5" TFT colour LCD for viewing your images when printing directly from compatible memory cards
- Photo lab quality prints delivered in high speeds of approx 52 seconds¹
- Automatic Red-Eye Correction
- Instantly dry overcoat
- Direct photo printing from compatible cameras & mobile phones using PictBridge & memory cards
- Wireless printing
- 100 year print life, 4 layer print process – cyan, magenta, yellow and a durable clear UV protective coating to prevent smudging, fading and colour change to ensure your precious memories last a lifetime

Long Lasting Prints

Canon printing technology produces bright. Vibrant prints that – if stored correctly in an album, will retain their colour and vibrancy for up to 100 years*

Perfect People Prints

People's faces are detected within the photograph, and the brightness is corrected for superb, natural-looking results

Sharp Previews

2.5" TFT LCD screen for vivid bright and sharp images to view and share your photos

Red-eye Correction

In-printer red-eye correction restores eyes to their natural look without the need for a computer

Click-Connect-Print

Print photos directly from compatible digital cameras using PictBridge technology, no need for a PC²

Ultra Fast

Say goodbye to waiting for your photos to arrive. The SELPHY CP760 can deliver lab-quality prints in as little as 52 seconds¹

Wireless Printing

Print photos directly from compatible mobile phones, using either built-in infrared connectivity or the optional Bluetooth adaptor

SELPHY
COMPACT PHOTO PRINTER

SELPHY- Rediscover the joy of photo sharing

Canon SELPHY is a funky photo printing experience that makes sharing photos more enjoyable. The dye-sublimation printing technology with protective overcoat produces photo lab quality photos that will resist smudging and fading. The compact, portable design with no need for a computer is the easiest way to share photos instantly.
