

Canon Cinema prime lens - 24mm and 4K ready.

The brilliant Canon series of EF Cinema prime lenses offer spectacular 4K-image quality and full frame image circle, in lightweight, compact designs. Whether you shoot with a Canon EOS C300 or EOS DSLR, you will appreciate the compact and consistent lens design; and your audience will love the results from the 11-blade aperture diaphragms, fast t-stops and proven Canon lens elements.

Key Features

Outstanding Image Quality

- Large aspherical lens elements to achieve sharp, consistent images in virtually every shooting situation
- Geared inner focusing minimizes focus-induced changes in the angle of view, reducing focus breathing virtually to zero
- The 11-blade aperture diaphragms ensure beautiful bokeh – and innovative glass construction counteracts barrel expansion and contraction to avoid temperature-induced marking discrepancies.

Lens Versatility

- With their large image circle, EF Cinema prime lenses are compatible with every Canon EOS DSLR (manual operation only) – including full-frame models like the EOS-1D X and the EOS 5D Mark II as well as cameras like the EOS 7D and EOS 60D that utilize APS-C sized sensors.

Design

- Markings on angled surfaces on both sides of the barrel, making it easy to read focus and aperture settings from behind or either side of the camera.
- Focus markings can be switched from standard labelling to metric.
- Control rings are designed to maintain the proper amount of resistance with consistent operating torque.
- A covered flangeback adjustment mechanism is included
- Uniform gear position, diameter and rotation angle as well as front lens diameters, enabling the film crew to quickly change lenses without adjustment of the rig setup.

Size and Weight

- Approx size (W x H x L) 118.4 x 118.4 x 101.5mm
- Weight: 1.2kg

Mount	EF mount
Focal Length	24mm
Zoom Ratio	N/A
Max Relative Aperture (T-number)	1:1.5
Iris Blades	11
Angle of View	1.5:1 (36.0 x 24.0mm) 73.7° x 53.1° 1.78:1 (24.6 x 13.8mm) 54.3° x 32.1°
M.O.D. (from image sensor)	0.30m/12"
Object Dimensions at M.O.D.	1.5:1 (36.0 x 24.0mm) 28.8 x 19.2cm 1.78:1 (24.6 x 13.8mm) 19.7 x 11.0cm
Front Diameter	Ø114mm
