

Standard Zoom Lens

EF-S 18-55mm f/3.5-5.6 III

Canon

Standard Zoom lens

The EF-S 18-55mm f/3.5-5.6 III is a standard zoom lens perfect for those wanting to start exploring DSLR photography. Good for most shooting situations.

Key Features

- Light and compact
- Use aspherical lenses to correct aberration for excellent image quality throughout the zoom range.
- Lens placement and coatings are optimized to minimize the ghosting and flare that frequently occur when the lens is used with a digital camera.
- Use a circular aperture for exquisite soft-toned images.
- High-speed autofocus using features such as optimized AF control.
- Optical system constructed using only lead-free glass

Accessories

- Extension Tube EF12 II (at 55mm compatible only)
- Close Up Lens 250D
- Extension Tube EF25 II (at 55mm compatible only)
- Close Up Lens 500D
