ENJOY ECONOMICAL HIGH-YIELD PRINTING

Comprising of Canon's new MegaTank ink technology, the MAXIFY GX3060 MegaTank is capable of printing up to 6,000 pages in black, and up to 14,000 pages in colour¹, reducing the chances that you will run out of ink when you need it most. Canon's Economy printing mode will also enable you to decrease printing costs and maximise your productivity even further by reducing the consumption of ink, achieving yields of up to 9,000 in black, and up to 21,000 in colour.

SUPER CHARGED PRODUCTIVITY

The MAXIFY GX3060 MegaTank has a large paper capacity. The Front Cassette holds 250 sheets of plain paper while the Rear Tray can handle 100 sheets of plain paper. Collectively this printer has a capacity of 350 sheets – you will spend less time refilling your printer.

GET THE BENEFIT OF EASY MAINTENANCE

The MAXIFY GX3060 MegaTank offers the benefit of a user replaceable Print head, Maintenance Cartridge, and a Paper Roller which can be easily cleaned. With the convenience of being able to easily maintain it yourself, it means less downtime with printing.

ALL-IN-ONE PRINTING FOR YOUR BUSINESS MEDIA NEEDS

In addition to delivery high-quality documents, MAXIFY MegaTank printers offer compatibility with a wide range of media types and sizes. With the MAXIFY GX3060 MegaTank you can now also print thick, rigid paper up to 0.7mm thick such as posterboard. Now create personalised posters for your business easily.

¹Approx. yields are based on Canon original method using test patterns ISO/IEC 24712 (Colour chart). The estimated page yields are determined not based on the initial set of bundled ink bottles, but based on subsequent sets of ink bottles after print head nozzles have been filled with ink from the initial set of ink bottles. Black and colour page yields are not to be combined. Page yields varies significantly depending on contents printed and other factors.

²Economy mode plain paper Page Yield is an estimate.

³AirPrint and Mopria are available for download via the Apple Store (iOS) and Play Store (Android).
